## Young People & Opportunities

- 1) Should it always be for a young person to decide whether they want to take part in a youth work activity? (1)

Yes. Although it could be up to the adults around to support that participation

- 2) What do you think are the priorities for youth work in the 21<sup>st</sup> century in your area? (13)

Priorities of youth work per se - participation, empowerment, developing team working skills.

Priorities in our geographical area - accommodation costs, lack of leaders.

3) How do we make sure that youth work is accessible to all young people, including equality groups and those in rural areas, and respects their differences? (14)

More access to council facilities  
(accommodation + resources)  
More public transport available & at  
lower costs

More leaders & ~~these~~ these leaders  
having greater understanding/support from  
employers.

4) What more can be done at national, local and organisational levels to make sure that young people can participate in decisions that affect them? (24)

Organisational - needs to be lead by the  
young people. Structural ways to  
facilitate this eg PL council in  
guides, Powwow for Bronnos.

Local ~~event~~ <sup>level</sup> - young people in planning  
groups

National - young people in consultation groups

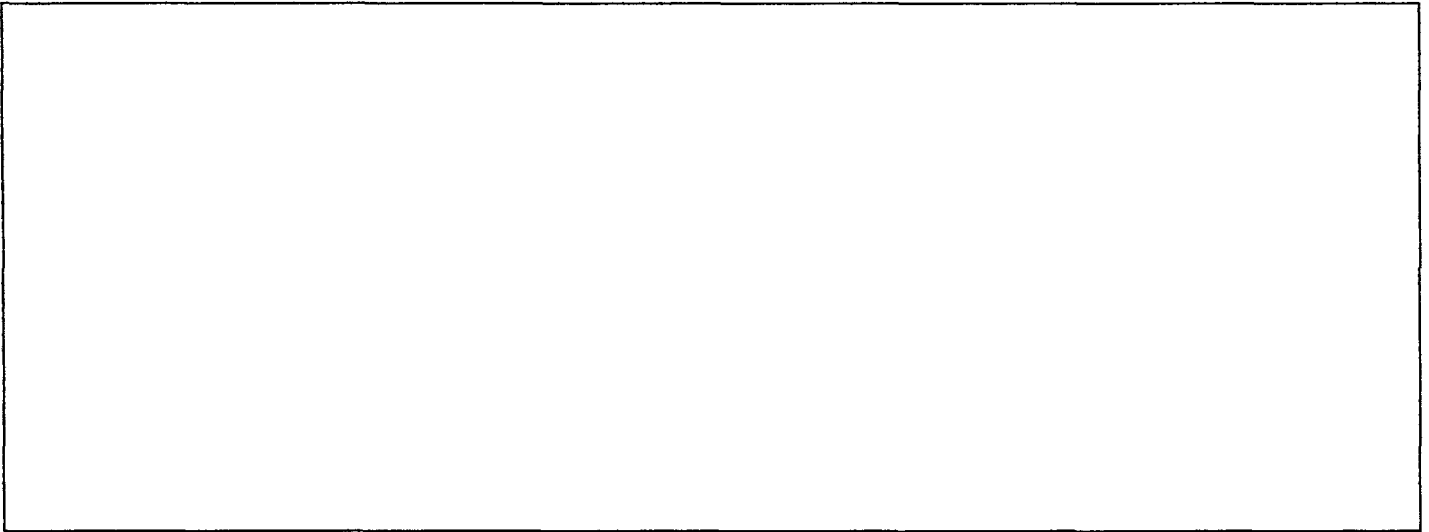

5) How do we make sure that young people receive recognition for informal learning? (28)

Promoting the language of skills developed, not just activities done to enable young people to be more articulate about themselves - not

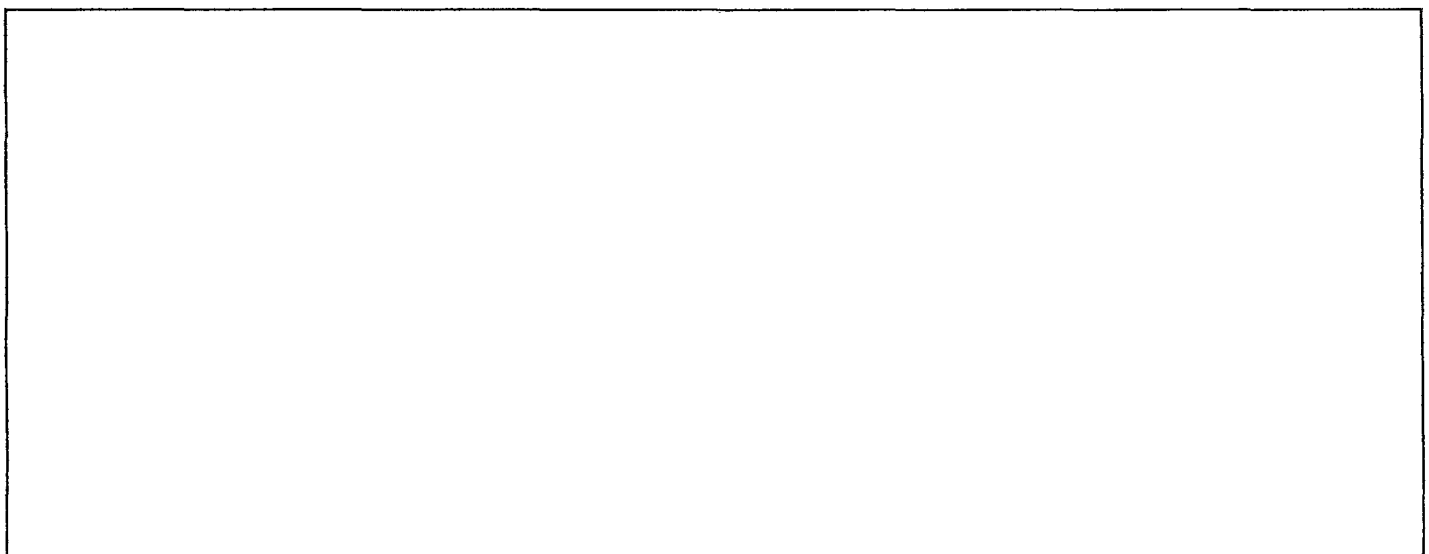

Records of Achievements, certificates etc (not valued by young people nor employers)

## Community Involvement

6) How can youth work contribute to good community relations? (15)

7) What can be done to enable all youth work providers to engage in and influence local networks and partnerships, including the Community Planning framework? (which is co-ordinated by the local authority) (21)

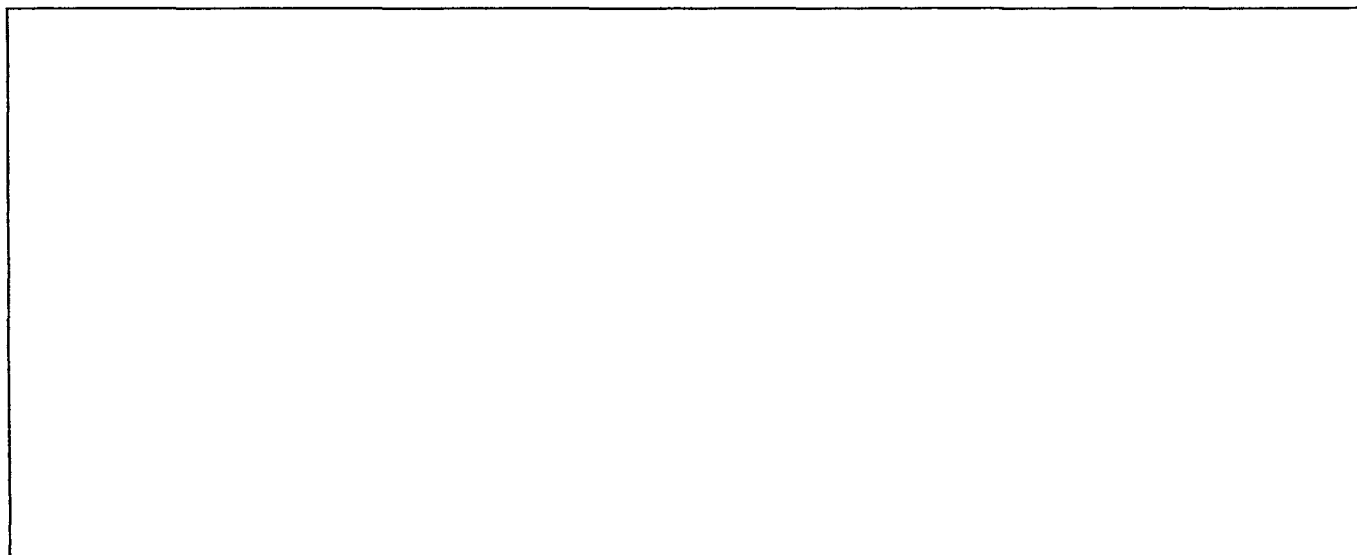

## Volunteers

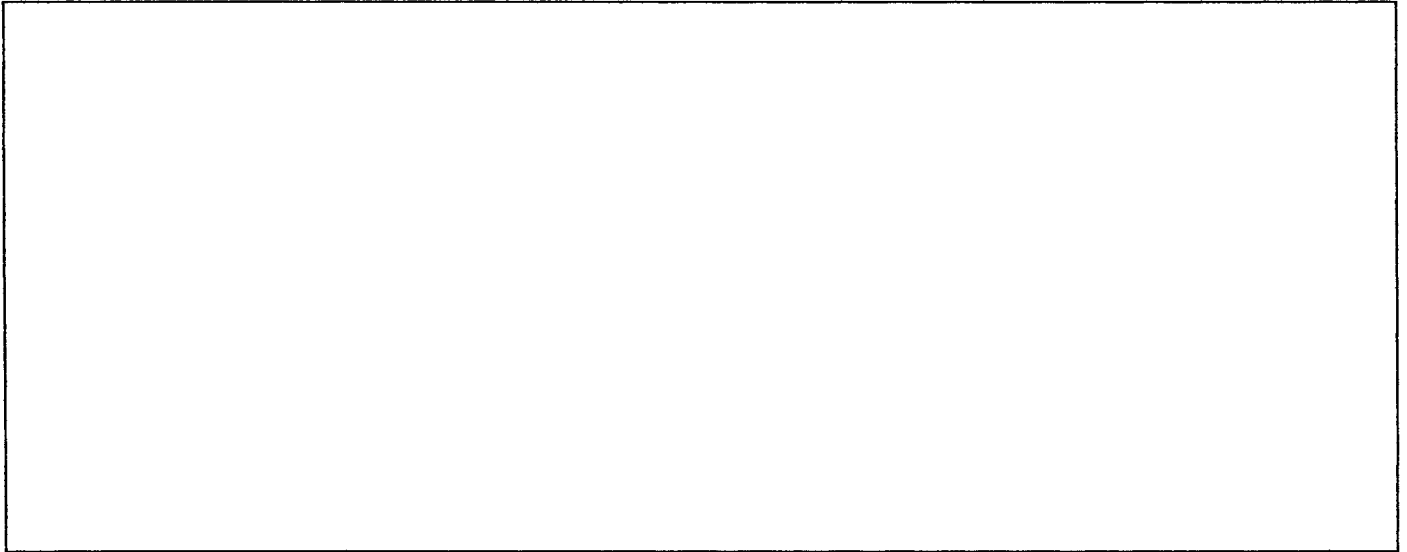

8) How do we attract and retain more volunteers to help deliver youth work opportunities? (5)

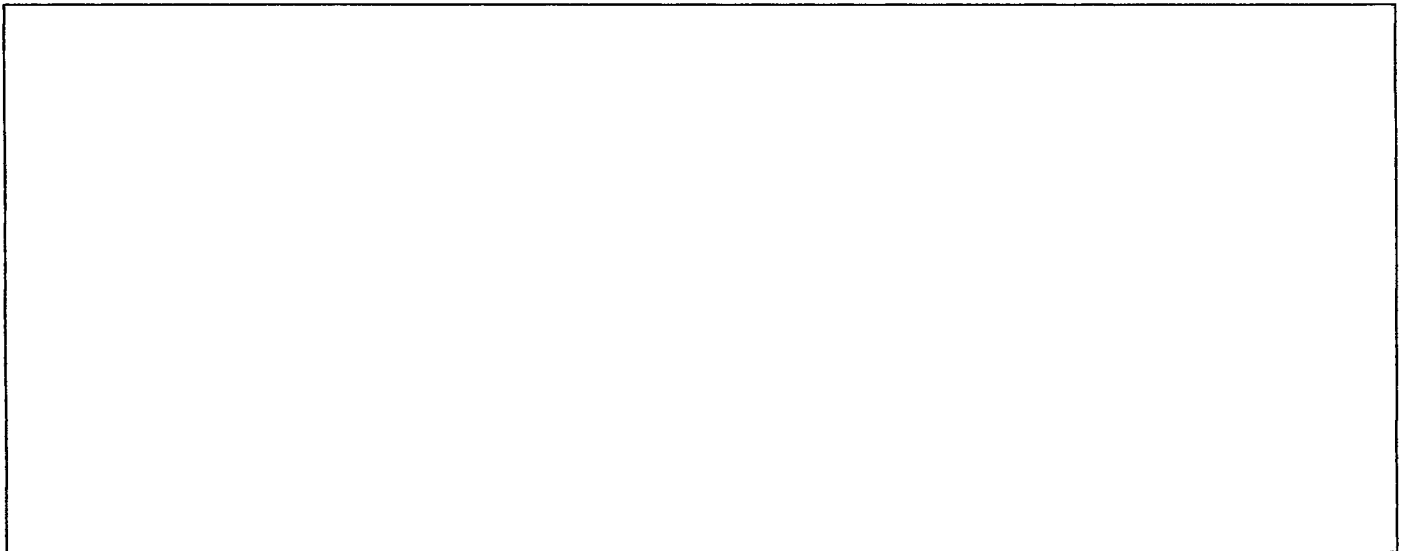

9) What skills, qualities and support does a 21<sup>st</sup> century youth worker need? (31)

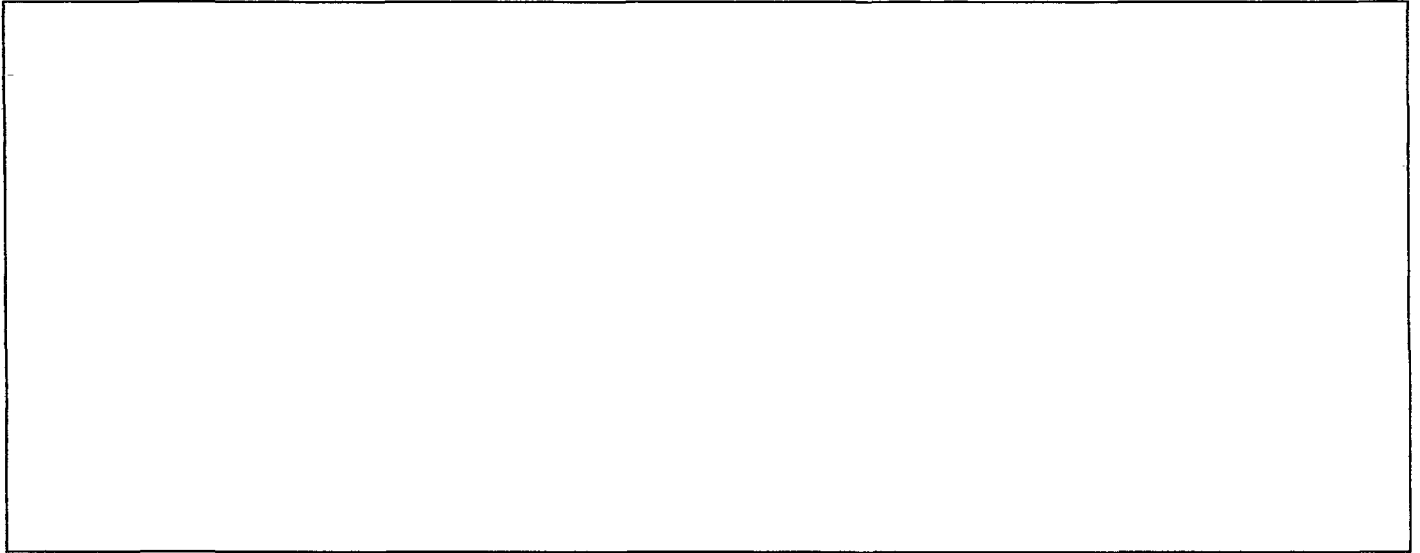

10) Do volunteer youth workers need the same skills and support as paid youth workers? (32)

11) Are there specific types of training that are difficult to access and that volunteers need to do their job more effectively? (34)

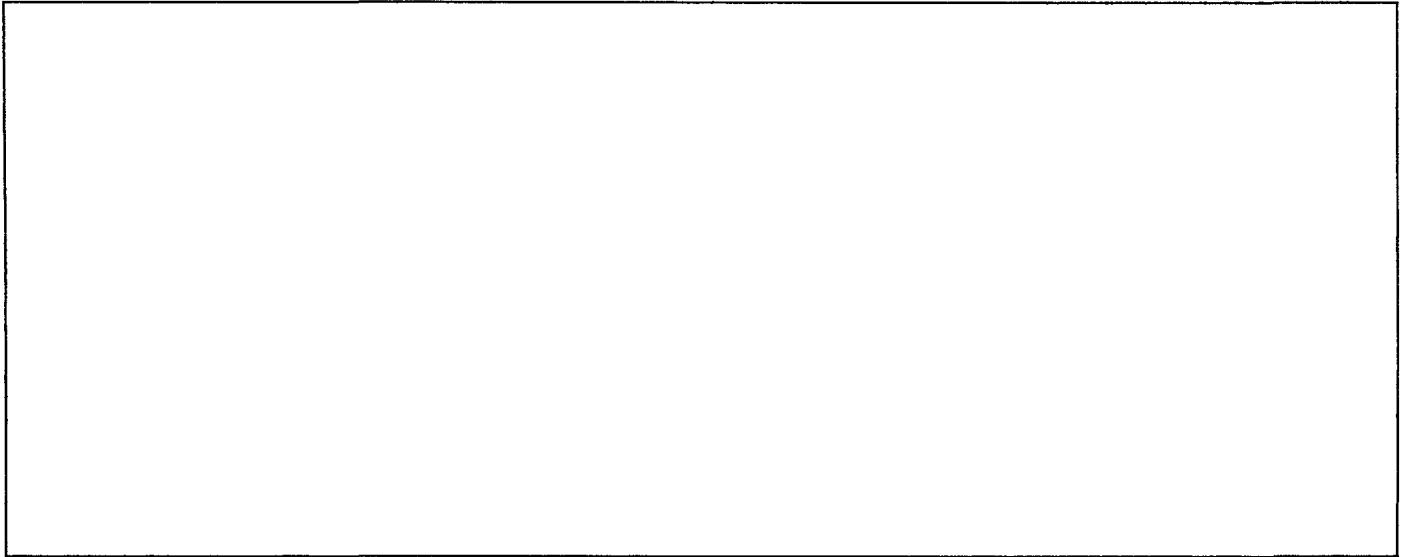

12) How do we make sure that any measures put in place to strengthen standards, including registration, are suitable and work effectively for volunteers? (36)

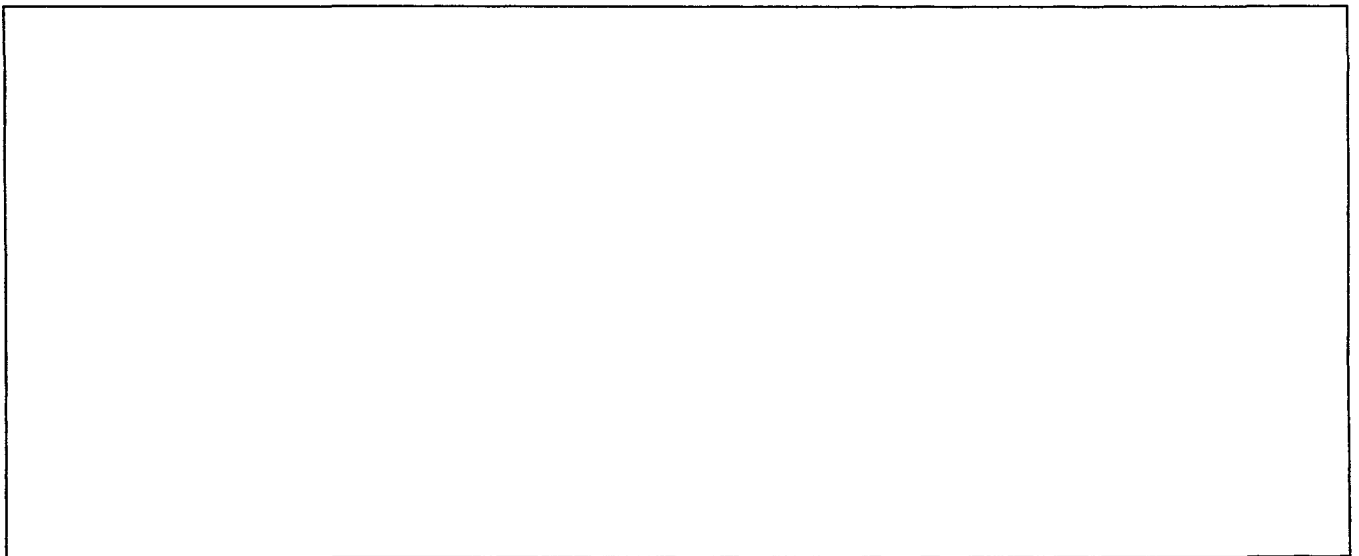

## Resources & Capacity

13) What type of support is needed at national level to improve opportunities and outcomes for young people at a local level?  
(8)

14) How can youth organisations expand the numbers of young people they deal with? (22)
