REFERENCE RE: THIRD SECTOR INTERFACE

Further to the recent clarifying correspondence from the Scottish Government Third Sector Team, I am writing to confirm our proposed interface arrangement for West Dunbartonshire.

As discussed at the August meeting and confirmed by the Scottish Government yesterday, our ongoing status as a unitary Third Sector Intermediary means that we are in a position to now move from individual network funding to direct Third Sector funding, given the endorsement of Community Planning.

As intimated by yourselves, we would welcome an exchange of letters to this effect to allow us to move forward at the earliest possible opportunity.

We look forward to progressing a robust working agreement as the new community planning structures emerge, to ensure effective Third Sector engagement, involvement and participation in West Dunbartonshire.

Yours sincerely,

Selina Ross
Manager
