25<sup>th</sup> February, 2005

Dear Mr Ferguson,

Supporting Police, Protecting Communities: Proposals for Legislation

I refer to the communication paper on the subject and have to advise that the Scottish Football Association support the principle of Football Banning Orders.

The Association are in agreement that the Scottish Police Service should take on the administration of the Banning Orders and welcome any initiative that helps eradicate football disorder of any form.

Yours sincerely,

DAVID TAYLOR,  
CHIEF EXECUTIVE.
