Dear Mr. Ferguson,

Supporting Police, Protecting Communities Proposals for Legislation

I refer to my letter of 15th February, 2005 and would advise you that the Management Committee of The Scottish Football League have now discussed the proposals contained in chapter 4 of the consultation paper.

The Management Committee would support the introduction of legislation which would deliver Football Banning Orders as outlined in the paper.

I trust this response is of assistance to you.

Yours sincerely,

Secretary
