

## **Highlands and Islands Enterprise Environmental Policy Statement**

Highlands and Islands Enterprise is committed to securing the protection and enhancement of the environment where consistent with its duties and within available resources.

In order to continually improve its environmental performance, the HIE Network will establish an Environment Committee which will be responsible for advising on the implementation and review of this policy.

The Principal Environmental Aims of the HIE Network are to:

- Comply with or exceed all statutory obligations.
- Consider environmental issues when making major decisions.
- Seek to achieve sustainable environmental results within available resources.
- To implement an environmental management system and commit to a programme of continuous improvement.
- Set environmental objectives and review past performance.
- Develop and promote environmental awareness at all levels within the HIE Network.
- Require its consultants, contractors and suppliers to assist HIE with its environmental aims.
- Promote awareness among stakeholders, including the public, of the environmental role of the HIE Network.
