SURVEY OF SURVEYS

- 1. Members are asked to note this paper.**
2. Survey managers were asked to work with OCS to extend the survey of surveys. Responses from SHS, SHeS, GUS and LFS were added to those already held for SCVC and SCHS.
3. Currently an excel spreadsheet stores the information (see Annex A) and OCS is looking at the best way to make this information available over the internet. OCS is also exploring the best way to maintain this information, and will aim to avoid duplication of effort with other initiatives developing a metadata on sources and outputs across the Statistician Group.
4. It is envisaged that the survey of surveys will become a useful resource for all survey managers particularly in the current round of contract procurement.

Janette Purbrick/ OCS/ June 2006
